C. Policy:

The El Camino Healthcare District ("ECHD or "District") recognizes that the health of the community is improved by the efforts of many different organizations, and the District has a history of supporting those organizations through grants that address specific health needs. The grant making process includes soliciting applications, evaluating the proposed use of the funds, and including the advice of a Community Benefit Advisory Council ("CBAC"). The District annually approves a plan, which includes a provisional list of organizations and the amount of the expected grants to each.

To ensure that the ECHD can be responsive to the changing health needs in the District during a fiscal year, the Community Partnerships staff will follow the guidelines below:

1. The total annual Community Benefit expenditures, as authorized by the ECHD Board of Directors' approval of the District's annual Implementation Strategy Report and Community Benefit Plan, cannot exceed the total aggregate amount approved by the ECHD Board.
2. Approved individual grant amounts, as stated in the Implementation Strategy Report and Community Benefit Plan, may be increased after need is demonstrated. Grant metrics may be revised to reflect the additional resources. Any grant increases must be within the total aggregate amount of the annual Implementation Strategy Report and Community Benefit Plan approved by the ECHD Board. Increases to these previously awarded grants up to \$50,000 must be approved by the Executive Director of Government Relations and Community Partnerships and increases in excess of \$50,000 up to \$150,000 require the approval by the CEO. Increases to these previously awarded grants in excess of \$150,000 must be presented to the CBAC, receive their recommendation for support, and be approved by the ECHD Board.

3. New grants may be added during the fiscal year if need is demonstrated. Proposals with detailed budgets and metrics must be presented to the CBAC and receive their recommendation for support. Any new grants must be within the total aggregate amount of the annual Implementation Strategy Report and Community Benefit Plan approved by the ECHD Board. New grants up to \$50,000 must be approved by the CEO, and new grants in excess of \$50,000 require the approval of the ECHD Board.
4. There are times when an individual grant award is not needed to the extent it was in the original plan. In these cases, the funds not needed may be used to fund the grant increases detailed in paragraphs 2 and 3 above.
5. The CBAC and the ECHD Board will receive a report identifying all grant funding changes at the end of the fiscal year.
6. Two year grant funding may be awarded to selected grantees. The total amount of funding within an individual fiscal year for two year grants may not exceed 60% of the total aggregate amount of annual Implementation Strategy Report and Community Benefit Plan approved by the ECHD Board. Grantees will be required to submit mid-term and annual reports and must demonstrate success meeting outcome metrics and budgetary goals.
7. ECHD-funded community benefit grants shall be allocated in support of ECHD's mission which is "to establish, maintain and operate, or provide assistance in the operation of one or more health facilities (as that term is defined in the California Health and Safety Code Section 1250) or health services at any location within or without the territorial limits of the District, for the benefit of the District and the people served by the District and to undertake any and all other acts necessary to carry out the provisions of the District's Bylaws and the Local Health District Law." Applications that do not establish a nexus to ECHD's mission, purpose and healthcare will not be awarded funding.
8. To ensure that El Camino Healthcare District allocated grant funding is spent consistently with the grant application and ECHD's mission and purpose, all ECHD grantees must adhere to the following:
 - a. Grantees must submit a signed grant agreement and, if the actual requested amount differs from the awarded amount, grantees must submit a revised budget.
 - b. Community Partnerships staff shall ensure that Grantees submit mid-year and annual reports which include actual and line item expenses against the budgeted expenses in the approved application.
 - c. Grantees may adjust up to 10% of approved budget line items and a cumulative change of up to \$5,000, at their discretion. For budget line item variances exceeding 10% and/or a cumulative change exceeding

\$5,000 , grantees may not adjust the initially approved budget without the approval of the Director of Community Partnerships.

- d. All unused funds must be returned to the District.

9. Grant Application Process
